Assistant Commissioner for Patents

Sir:

On July 2, 2001, our office received a Notice to File Corrected Application Papers mailed June 28, 2001. After receiving the Notice to File Corrected Application Papers, an attorney in this office called the U.S. Patent and Trademark Office on August 7, 2001, and indicated that we believed the application was in compliance with new rule 1.173. Subsequently, on August 13, 2001, we received a return phone call from U.S. Patent and Trademark Office employee Elisha Evans indicating that we should disregard the notice and that the application was in order for prosecution on the merits. Since that date, we have called the U.S. Patent and Trademark Office several times to request a written response indicating that the Notice to File Corrected Application Papers had been withdrawn. As of this date, no such notice has been received. Please provide us with notification of the current status of this application and the notice to file corrected papers.

Respectfully submitted,

James H. Patterson
